

8th International Workshop on Ring Imaging Cherenkov Detectors (RICH 2013)

Contribution ID : 21

Status and progress of the novel photon detectors based on THGEM and hybrid MPGD architectures

Tuesday 03 Dec 2013 at 11:00 (00h25')

Primary authors :

Co-authors :

Presenter : Dr. LEVORATO, Stefano (INFN sez Trieste and Trieste University)

Session classification : Photon detection techniques for Cherenkov counters

Track classification : --not yet classified--

Type : --not specified--
