

# Mini-workshop on $D(^*)$ tau nu and related topics

Contribution ID : 25

## $B \rightarrow D^* \omega \pi$ at Belle

Tuesday 28 Mar 2017 at 11:30 (00h35')

### Content :

We report on the first observation of the narrow  $D1(2420)$  and  $D2(2460)$  states and improved measurement of the broad  $D1(2430)$  in the color-suppressed  $B_0\text{bar}$   $\rightarrow D^{*0} \omega$ ,  $D^{*0} \rightarrow D^+ \pi^-$  decay.
