

Motivations

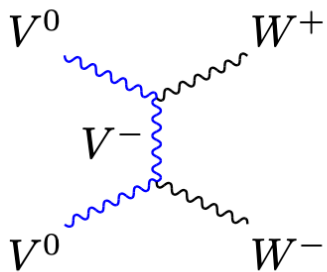

Vector dark matter
w/ electroweak interactions

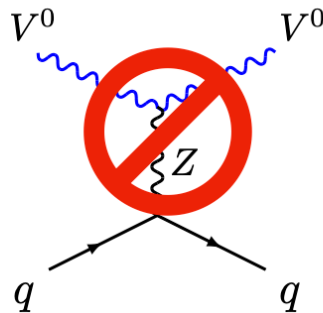

- Model Construction?
- Phenomenology?

Features

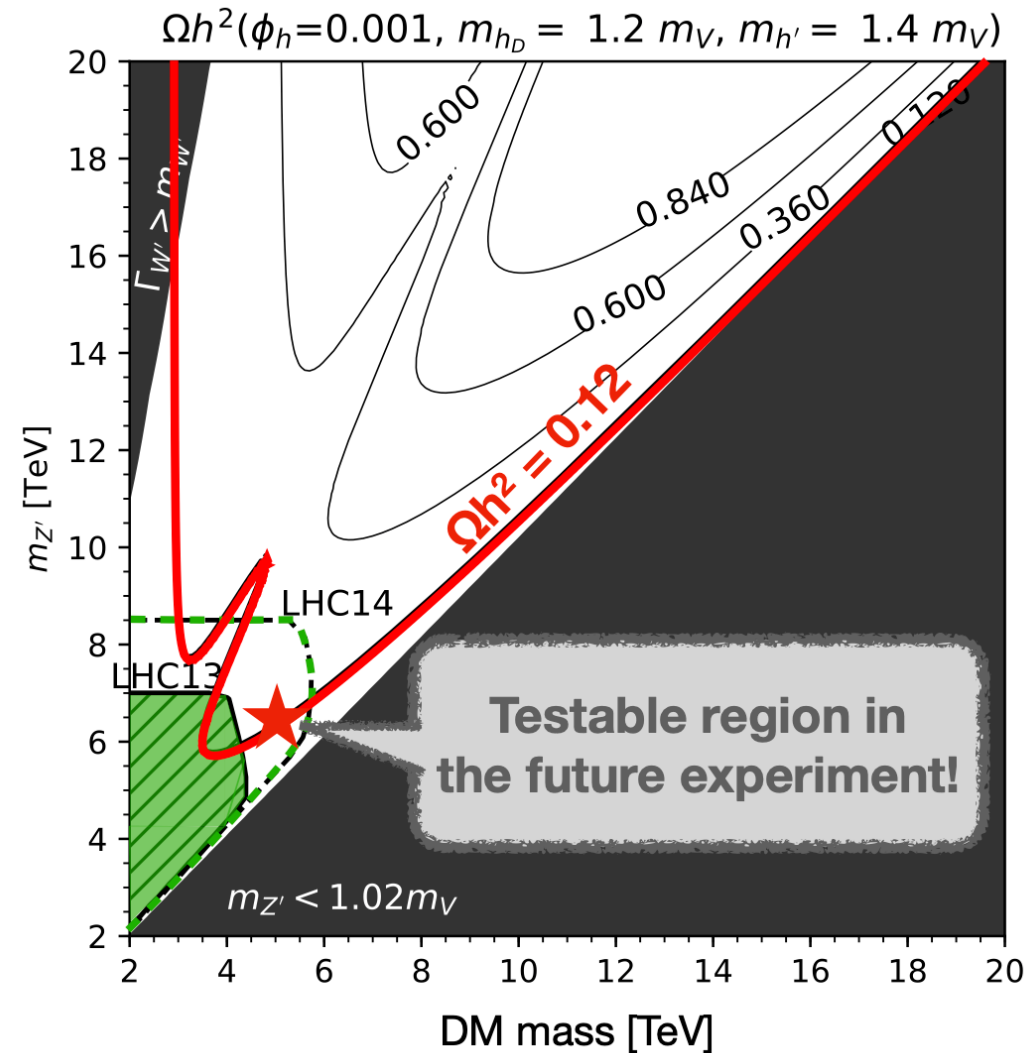

1. Rich annihilation

2. Suppress scattering

Result

Motoko Fujiwara
(NagoyaU.)

Collaboration w/

T. Abe (U. Tokyo)
J. Hisano (NagoyaU.)
K. Matsushita (NagoyaU.)

Non-abelian vector dark matter model with electroweak interactions
