

# About wrapup session

- One group gives one presentation
  - By one representative or multiple person.. it's up to the group.
  - Roughly 5+5 minutes for each group
- Followings are the suggestions of contents:
  - What you have learned/found from data challenge project
  - What you have learned/found from working on lecture contents (e.g. you tried something new by modifying hands-on examples)
  - Future research idea with ML you have in mind.
  - Any other things are OK (general impression on school etc.)
- Indico page will be updated to have entry for each group
